Canadian Player Pathway

GOALTENDING

2018 - 19
How a player gets that first experience of goaltending in hockey is crucial.

If a beginner has fun while developing the fundamental skills and building confidence in their ability to perform those fundamental skills, there is a strong probability that player will go on to enjoy goaltending and hockey for many years.
Hockey is Canada and Canada is hockey.

Let’s face it – hockey is a touchstone of Canadian life. It is Canada’s national theatre and it is the chatter of the country. Hockey is more than a sport for Canadians, it is a part of the country’s heart and soul.

TOM RENNEY
President & Chief Executive Officer, Hockey Canada

Whoever said those words took the pulse of a nation that has had a long and storied love affair with hockey

VISION: WORLD SPORTS LEADERS

Goaltending Pathway
WHAT IS THE GOALTENDING PATHWAY?

- Goaltending is a critical aspect of team play and requires direct & consistent unique coaching skills.

- As forwards and defenders get specific coaching for their respective positions, goalies require the same attention and guided skill development.

The main goal is to make the beginner’s first impression of goaltending a good one! When Players get started on a positive note they automatically enjoy the game and usually go on to have fun playing hockey for many years.
The Hockey Canada Goaltending Development program consists of 3 levels:

- **Community:** Introducing players and coaches to the position of goaltending
- **Developmental:** Formalizing instruction for players that have committed to the position and coaches that specialize in teaching the position
- **High Performance:** Refining the skills and teaching methods for High Performance Goaltending

**THE OBJECTIVES OF THE PROGRAM**

- To learn the basic skills required to play the position of goaltender.
- To develop an understanding of the basic skills to become a goaltender.
- To create and refine basic motor patterns and athleticism to have success as a goaltender.
- To develop self-confidence and experience personal achievement within a positive team atmosphere.
Recommendations

❖ U9
Minor Hockey Associations to offer “Try Goaltending” sessions to give players a chance to try the position

❖ U12
Minor Hockey Associations to have an association goaltending coach offer goaltending instruction through small group training sessions to coaches and players

❖ U14 – U17
An Association goaltending coach to guide the developmental process of goaltenders. Teams could have their own goaltending coaches through the association or an association goaltending coach would oversee the development of all rep level goaltenders

THE OBJECTIVES OF THE GOALTENDING PATHWAY

❖ Introduce players to the position
❖ Introduce fundamental goaltending skills to coaches and young goaltenders
❖ Develop an enhanced goaltending program through the use of trained / qualified goaltending coaches.
WHAT IS THE GOALTENDING PATHWAY?

It is recommended that minor hockey associations offer “Try Goaltending” sessions to give players a chance to try the position.

Minor Hockey Associations should have “Try Goaltending” Sessions.

- Jamborees / Festivals – 3 on 3 / 4 on 3 / 5 on 5 cross ice or half ice - Everyone plays goal

**RECOMMENDATIONS:**
- Ideally 2 Practices per week
- Agility / Balance / Coordination skating skills all benefit future goalies

**NOVICE: AGE 7-8**

**CONSIDERATIONS:**
- Blue 4 oz pucks first half / regulation 6 oz black pucks in second half
- No full time goalies - Everyone takes turn playing goal

**RECOMMENDATIONS:**
- Small Nets
- Ball hockey / Floor hockey or additional activities

**PLAYOFFS**
- End of season March 31
- 3 tournaments

- Rotate all players through all positions — no early specialization
- Goaltenders are beginning to take on the role of goaltender Full Time.
- If 2 Goaltenders on the team, the back up goaltender should consider playing out vs sitting out
- Goaltenders should be splitting the games or alternating equally

- Establish equal playing time for all goaltenders at this level.
- A predictable alternating schedule is recommended
- It is recommended at this stage to choose your position of Goaltender if you are entertaining the Rep Level.
It is recommended at this level an association goaltending coach guide the developmental process of goaltenders. Teams could have their own goaltending coaches through the association or an association goaltending coach would over see the development of the rep level goaltenders through separate practice sessions.

The Save Cycle is the foundation for Goaltending in Canada!

The Save Cycle is comprised of 5 key areas of focus for solid goaltending:

1. Find the Puck
   (Eyes First)

2. Movement
   (Getting into position)

3. Position
   (Stance, angles - square to puck, depth)

4. Save Selection
   (Appropriate to the situation)

5. Puck Control
   (Rebounds and recovery)
1. The Beginner Program recommends development be built on 75% movement and positional skills 20% on save movement and related issues and 5% on tactics.

2. The Intermediate Program recommends 50% movement and positional skills, 20% on save movement and related issues and 30% on tactics and transition.

3. The Advanced Program recommends 35% movement and positional skills, 10% on post-save consequences, 40% on tactics and transition and 15% on advanced positioning.

3. Moving Skills (T-Push, Shuffle, C Cut & Pivot)
4. Positioning (Angles, Square, Depth)
5. Save Selection (Basic Saves)

7. Stickhandling

Level 2 Curriculum – Advanced Skills and 10 Scoring Situations
1. Advanced Skating
2. Eye Skills
3. Advanced Hands
4. Advanced Puckhandling
5. 10 Scoring Situations
The scoring situations are broken down to 10 categories to help the goaltender recognize the situation and select the best way to defend it.

Goaltenders have to be able to read both attacking players options and their own team mates defending position while processing the situation.

The 10 scoring situations are:
- Clear Shots
- Entries
- Net Drives
- Breakaways
- Rebounds
- Low / High
- East / West
- Below the Goal Line
- Deflections
- Screens
