SPORTCENTRAL

*Equipment for kids in need since 1991*

# Hockey Player Remote Outfitting Package

**Proof of Registration is Required**
(Not Applicable for Kid Sport Referrals)

This Remote Outfitting Package has been created to provide properly fitted equipment to clients living outside of Greater Edmonton.

Sport Central is a volunteer-operated, non-profit organization and Canadian registered charity (see www.sportcentral.org ). We provide gently used, recycled sports equipment at no charge to individual children (under the age18) referred for equipment through social agencies, professionals, schools and community organizations.

We give our best effort to provide an excellent fit for every child, so they can have a positive, safe, enjoyable experience.

By properly measuring your child you are giving us information we need to ensure success. This Remote Outfitting Package must be completed by every individual requesting equipment not coming to Sport Central for a personal fitting appointment.

**In this package:**

1. **Measurement Instructions**
2. **A Blank Measurement Form**
3. **A Foot Tracing Page**
4. **A Hand Tracing Page**

**NOTE: A soft tape measure is best to use to take these measurements.**

Sport Central can only provide equipment we have available. We cannot guarantee availability nor provide warrantee. The equipment is supplied “as is” and although Sport Central takes reasonable care of donations and repairs equipment as needed, we cannot be held responsible for the performance, safety or damage caused through the use of these items once accepted.

Thanks for your help and effort in getting equipment for your children correct the first time. If you have any questions about measurement or process, please call us at 780-477-1166.

11847 Wayne Gretzky Drive North, Edmonton, Alberta T5B 1Y2

# Measurement Instructions

(Use the attached form)

Age
Age helps us assess equipment size selection, but more specific measurements are needed.

Shoe Size (For Skates)
Indicate your child's US shoe size. As well as trace the child's left foot on the provided sheet. Ensure the child is wearing a sock and has his sock pulled tight.

Elbow Length (For Elbow Pad)
Measure from the middle of your bicep to the middle of your forearm with the child's arm straight.

Hand Size (For Gloves)
Measure from the tip of the middle finger to the wrist. As well as trace the child's left hand on the provided sheet.

Shooting Preference (For Stick)
This does not refer to whether your child is left or right handed (many athlete's dominant playing hand is opposite to their writing hand). Please indicate the side where the client holds their lower hand on the stick (from their perspective).

Nose Height (For Stick)
Measure from the bottom of the child's nose straight down to the floor.

Shin Length (For Shin pad)
Measure from the middle of the knee cap to the top of the ankle bone.

Height (For Jersey)
Have the child stand up straight against a wall and measure from the floor to the top of their head.

Inseam (For Socks)
Measure from the child's groin, straight down the inside of their leg, to the ankle.

Neck Circumference (For Neck guard)
Measure around the widest part of the child's neck (typically closer to chin).

Chest Circumference (For Shoulder pad)
Measure around the middle of the child's chest.

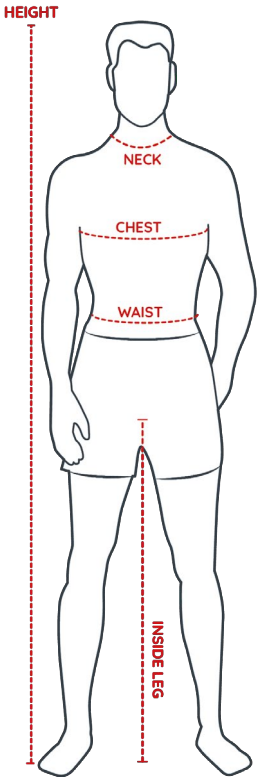

Waist Circumference (For Pants/Jock)
Measure the distance around the widest part of their hips.

Head Circumference (For Helmet)
Measure the child's head circumference (all the way around), just above the eyebrows and behind the top of the ears. Pull the tape measure gently snug, but not too tight.

## Measurements

**Once completed, measurements & tracings must be emailed to**
**referrals@sportcentral.org**

Child's Name: _____ , _____
First Last

| Item | Measurement |
|---|---|
